

Experience Denver's *New* free educational destination!

CSU Spur's programs inspire youth to tackle real world problems through hands-on, experiential education.

CSU Spur's rotating programs connect students to scientists, researchers, veterinary experts, and faculty through live demonstrations, hands-on experiments, and interactive experiences.

We look forward to hosting your group at CSU Spur!

CSUSpur.org

CSU SPUR *experiences*

- ✓ Observe live veterinary procedures on dogs and cats, horses help with human therapies, and horses build their strength or rehabilitate on underwater treadmills
- ✓ Connect with where food comes from by learning about the sustainable food system, controlled agriculture, urban gardening, nutrition, and getting hands-on in an on-site teaching kitchen
- ✓ Watch Denver Water researchers evaluating water quality, learn about water conservation and sustainability, and take water samples and learn about natural environments

HOW TO *engage*

- ✓ Classroom programs and guided tours
- ✓ Self-guided experiences
- ✓ Virtual programs
- ✓ Bring CSU Spur to your school or event

FOOD

WATER

HEALTH

THINGS TO *KNOW*

- ✓ Programs are FREE
- ✓ Registration is required
- ✓ Bus reimbursement is available for qualifying schools
