

## Wizcabulary

Draw a line to connect the Wizcabulary words to the correct definitions.

### WORDS

Sensory science

Taste testers

### DEFINITIONS

People who answer questions about how products taste and smell.

A branch of food science that studies how we experience food through our five senses.

## THE FIVE Basic tastes

Match the basic taste with the food!

Sweet	Coffee
Salty	Cheese
Sour	Potato chips
Bitter	Cupcakes
Umami	Lemons

## THE FIVE Senses

Name a food that's fun to:

Taste: \_\_\_\_\_

See: \_\_\_\_\_

Smell: \_\_\_\_\_

Touch: \_\_\_\_\_

Hear: \_\_\_\_\_

### EXPERIMENT

## Taste testing jelly beans

### DIRECTIONS

1. Close your eyes and pinch your nose.
2. Eat a jellybean one at a time, keep holding your nose!
3. See if you can identify the taste.
4. Unplug your nose to see how the taste changes!

### SUPPLY LIST

- Your nose
- Your mouth
- Your hands
- Jellybeans
